In consideration for granting a connection to the natural gas system of the City of Lafayette, ***I hereby agree to the following:***

1. I have read and understand this application, and agree to abide by the rules and regulations of the City of Lafayette, Natural Gas Utility, as they may be revised and modified from time to time.

PROPERTY OWNER INITIAL: _____

2. To grant an easement to the City of Lafayette for the purpose of installing and/or maintaining the service line up to and including the meter and, if applicable, the attached main line whether new or existing, from ingress to egress points on the property.

PROPERTY OWNER INITIAL: _____

NOTICE:

1. This is an application only and does not assure you of gas service.
2. Customers gas appliances, lines and other equipment shall be installed by a Georgia state licensed and bonded gas plumber. As a courtesy, the City of LaFayette Gas Department can furnish you with a list of local gas plumbers.
3. Installation shall be in accordance with the **SBBCI** standard gas code in effect at the time of installation, including all amendments as approved by the department of community affairs, state of Georgia and the City of La Fayette. It shall also be your responsibility to obtain a building permit and schedule the required inspections.

****NOTICE:**

The City of LaFayette is committed to providing safe, reliable natural gas service. We will maintain our gas lines in accordance with U.S. Department of Transportation and Georgia Public Service Commission pipeline safety regulations. As a natural gas pipeline operator, the City of LaFayette is required by federal law to notify all customers of the following:

1. Customer-owned, buried natural gas piping should be inspected periodically for leaks and, if the piping is metallic, also for corrosion. Examples of this piping are any buried piping from the gas service delivery location to your house or appliances or from the house to a swimming pool heater or spa. If any gas leaks or evidence of corrosion to metallic piping are found, you should take immediate steps to correct it.
2. When digging near buried gas piping, locate the piping in advance, and dig by hand. Contact a certified plumbing contractor in your area to help you locate and inspect your **BURIED** gas piping. If you have questions about this notice, call the City of LaFayette at **706-639-1511**.
